APPENDIX A: ARC Policies

INTRODUCTION

This manual puts in place basic accounting, billing, and cash control policies and procedures designed to protect and secure the Alliance of Rouge Communities (ARC), ensure the maintenance of accurate records of financial activities, and follow all federal, state, and local laws and regulations. Where this manual conflicts with specific federal, state, or local laws, regulations or with the ARC's Bylaws the appropriate laws, regulations or bylaws shall prevail, and the provision deemed amended to the extent necessary to comply with the applicable law or regulation

RESPONSIBILITIES

- The Executive Committee formulates financial policies, delegates' administration of the financial policies to the Finance Committee, and reviews operations and activities.
- The Finance Committee has responsibility for all operations and activities, including financial management.
- Exceptions to these policies may be made on an individual basis, as necessary, with the approval of the Executive Committee.
- The Treasurer is responsible to the ARC for all financial operations.
- The Grant Representative is responsible for reviewing, approving, and signing assistance agreement applications, awards, and amendments. In addition, the Grant Representative is responsible for monitoring, administering, and overseeing assistance agreements once received from the awarding agency.
- The Executive Director Staff is responsible to the ARC for operations.

GENERAL POLICIES

- Current job descriptions are maintained for all staff members indicating their duties and responsibilities.
- There are separation of financial duties and responsibilities so that no staff member has sole control over cash receipts, payroll, bank reconciliations, accounts payable or other accounting functions.
- Accounting duties are rotated among Executive Director Staff whenever possible.
- Financial Procedures are reviewed annually by the Finance Committee.
- Separate General Ledger accounts are maintained as required by funding source regulations.

- Passwords must comply with organizational standards. They are to be treated confidentially and are not shared with other staff.

Compliance with External Policies

The ARC accounting policies and procedures are consistent with:

- Generally Accepted Accounting Principles (GAAP).
- Annual A-133 (Single Audit) “organization-wide financial statement and federal awards’ audit of a non-federal entity that expends \$750,000 or more in federal funds in one year”.

Security and Access

To ensure that only authorized staff can access the financial, personnel, payroll, computer, on-line and paper records of the organization:

- Security and access is determined by the Executive Director.
- Access to computer or on-line systems for accounting, personnel, payroll, and online and phone banking is controlled by password protection. Within each system, access permission is set to allow the appropriate level of access depending on staff positions and job duties.
- Upon separation of a staff member, the password is immediately locked to prohibit any unauthorized activities or entries and keys to ARC’s office(s) are returned.

OVERVIEW OF THE ARC’S ACCOUNTING SYSTEM

The financial records of the ARC are maintained on Quickbooks using the Accrual basis of accounting. Access to the accounting system is controlled to maintain the reliability and integrity of the data. Security is set by the Executive Director to allow different levels of access. The Treasurer has full access to the entire system including setup and administration.

- **Data Backup:** Backup is done weekly to assure that the data is secure and will not be lost in the event of a computer failure.
- **Funds Received:** All in-coming funds are properly recorded and safeguarded through separation of duties and proper documentation. The Executive Director designates which staff is authorized to collect in-coming ARC funds.
- **Funds Disbursed:** Only the Chair, Treasurer or Executive Director may authorize the issuance of checks. Access to the check printing system is limited to accounting staff and is controlled by passwords by the Executive Director.

DETAILED ACCOUNTING PROCEDURES

Funds Received

- Cash will be accepted from participants for payment of deposits, credit checks, loan payments, etc.
- ARC mail is to be opened promptly and distributed by the Executive Director Staff Assistant (Staff Assistant).
- All checks, money orders and cash are promptly logged into a “Cash Receipts Log” maintained by the Staff Assistant and then given to the Executive Director Administrative Coordinator (Administrative Coordinator) for processing these receipts. The Staff Assistant will restrictively endorse the back of any checks received; and enter into the “Cash Receipts Log” prior to distributing checks to designated staff.
- The Staff Assistant will log in-coming cash into a pre-numbered duplicate Cash Receipts book. A pre-numbered receipt will be issued or mailed to issuer of cash by the Staff Assistant, preferably at time of receipt.
- Documentation for receipts (letter, stubs, etc.) is provided with the checks/cash when forwarded to designated staff for processing and deposit.
- Funds awaiting bank deposit are kept in a locked file/safe with access limited to staff designated by the Executive Director.
- The Administrative Coordinator verifies the checks and cash to documentation received, makes copy of checks and prepares deposit for delivery to bank.
- Executive Director Staff I delivers deposits to the bank.
- Bank confirmations are delivered to the Administrative Coordinator to attach to back up documentation. The deposit is entered into the accounting system by the Administrative Coordinator, and then filed in chronological order into a Cash Receipts file/folder for the month.
- At the end of the month, Executive Director Staff II totals each column of the Cash Receipts log verifying that all bank account totals add up to total funds received for the month and then prints out the log, retaining one copy, for the auditors, and forwarding a second copy to the Treasurer or other designee to verify against the deposits listed on the bank statement(s).

Receipt Books

- Receipt books are assigned by the Treasurer to the Administrative Coordinator.
- The Administrative Coordinator is responsible for safeguarding the receipt book.
- Receipt Books must be kept in a secure place at all times.

- Receipt Books consist of three-part, pre-numbered forms. They should be used in numerical order and filled out completely. The original is to be given to the person (participant) from whom funds have been received. The second copy (yellow) is to be sent with the transmittal form and the cash to the Administrative Coordinator for processing and deposit. The third copy (pink) is to remain in the receipt book.
- Receipts may be voided, but the pink copy of any voided receipt must remain in the book.
- The receipt book should be reviewed against either the monthly bank statement or Cash Receipts log to assure all cash received was recorded and deposited.
- When all the receipts are used, the book must be returned to the Treasurer or other designee who will issue a new book.

Fund Disbursements

Disbursement of funds, including all approvals and authorizations will follow the ARC Purchasing Policy based on adequate documentation and proper authorization.

ARC Funds

- Payment for supplies or services will be made based on invoices, not statements.
- Requests for Payment (RFP) are submitted with the original invoice attached. The RFP is coded by the staff requesting the payment as to the fund and expense code to be charged. The RFP is signed by an authorized staff member indicating approval of the expenditure.
- RFP/Invoices are processed by the Administrative Coordinator. Each invoice is stamped "ENTERED" or "POSTED" when entered as a payable in the accounting system and the check and all corresponding documentation is stamped "PAID" when the payable is processed for payment.

Missing Invoices

In the event that an invoice for services or supplies is lost, a memo explaining the expense and detailing the cost is submitted with the Request for Payment for approval by the Treasurer.

Vendor Documentation

All vendors must submit an IRS Form W-9 Request for Tax Payer Identification and Certification or equivalent to the Accounting Department, prior to payment. A determination is made by the Administrative Coordinator on the need to file an annual IRS Form 1099-Misc. on payments made to vendors. Form W-9's should be mailed to all current vendors each year prior to Form 1099 preparation to assure information is current.

Check Writing Procedures

- Checks are processed as needed.
- Checks are written through Quickbooks. The Treasurer will designate staff with access to the check printing system.
- Checks are automatically numbered and printed on blank check paper and signed by two authorized signers.
- Checks are not to be post dated, signed blank, or made out to cash.
- A copy of each check is attached to the RFP/Invoice plus any other documentation, such as purchase orders or shipping documents, and filed in check number order in the respective Paid vendor files.
- Voided or spoiled checks will have the signature block torn off and will then be filed in numerical order with the bank statements and corresponding bank reconciliations.
- Checks are recorded in Quickbooks.

Check Approval Process

This procedure is designed to ensure that all checks have adequate documentation and authorization and that there are no missing checks or checks written to phantom vendors.

- The RFP is reviewed for proper account coding, appropriateness of expenditure, and authorized signatures.
- The RFP is compared with the invoice and the check amount. The copy of the check is initialed by the Administrative Coordinator to indicate the review has been completed and the documentation is in order.
- The batch of checks is reviewed in check number sequence to assure no checks are unaccounted.
- The Disbursement log will be reviewed by the authorized signers to assure that the first check in each batch of checks begins with the next sequential check after last batch

processed. The Disbursement log is initialed by the reviewer to indicate that all checks in the current batch have been verified to assure there is no gap in the check sequence.

- Authorized signers of checks are the ARC Chair, Treasurer and Executive Director, except when checks are paid to the company providing the Executive Director services to the ARC and employs the Executive Director. When checks are prepared for RFPs from the vendor providing the Executive Director services the ARC Chair and Treasurer will sign. The ARC Chair can designate additional signers if the need arises.
- If there are no questions to be resolved, the Disbursement log and signed checks are returned to the Staff Assistant as authorization to mail or release the check to the vendor.
- Checks are mailed to vendors by the Staff Assistant unless specific arrangements had been made in advance for pickup of checks at the office. If a check is picked up, the person picking up the check must provide identification which agrees with the payee on the check or must have verifiable written authorization from the payee to pick up the check.

Payroll

The ARC does not employ staff. In the event that the ARC hires staff the ARC will follow the ARC's Timekeeping Policy and Personnel Policy.

Purchasing

The ARC will follow its Purchasing Policy and Contract Approval Procedure for all purchases.

Bank Accounts

The Executive Committee may delegate by resolution the authority for the Executive Director and Treasurer to establish bank accounts according to the ARC Purchasing Policy.

Bank accounts are established to meet the needs of the organization for separation of funds and the specific requirements of funding sources. Separate accounts for specific federal or state programs which exceed the FDIC limits must be collateralized by the bank to ensure the safety of the deposit. All other accounts, where possible, are established to maximize the use and earnings of cash.

- A complete listing of all accounts and the account numbers shall be maintained by the Administrative Coordinator.

- Bank Reconciliations for each account are completed monthly by the Executive Director Staff II. The bank statements are received by the Staff Assistant unopened to assure that they remain intact.
- Reconciled bank statements are reviewed by the Treasurer or designee monthly.
- Outstanding checks more than 90 days old are investigated and stop payments issued as required. Replacement checks are reissued after appropriate documentation has been collected.

Accounts Receivable

For each grant, contract, membership or other agreement, the Executive Director will designate the staff responsible for preparation of invoices, payment requests, or reports necessary to secure payment to ARC. The following procedures ensure that all requests for funds are properly recorded and tracked.

- Generally, the Administrative Coordinator processes invoices to partner agencies and members, with copies provided to the Treasurer.
- The Administrative Coordinator prepares requests for funds from other agencies.
- Billings to funding agencies or members are entered as revenue/receivable when sent out to the agencies or members.
- Aged receivables are reviewed by Finance Committee.
- Write-offs of uncollectible receivables must be approved by the Treasurer and documented through the general journal entry for each write-off.
- Accounts receivable are reviewed by the Treasurer and Administrative Coordinator annually to ensure that receivables have a reasonable expectation of being collected and any necessary steps are to taken to ensure collection. If there is no reasonable expectation of collection, a decision is made on what action to take.

OTHER FINANCIAL SAFEGUARDS

Travel

The ARC travel policy will be used and requires that sound business judgment is used in both determining the need for travel on behalf of the ARC, as well as in expending financial resources when travel is necessary. This travel policy will apply to any ARC-funded travel outside of the

general boundaries of the Rouge River Watershed conducted by ARC members, Executive Director Staff or contractors.

Allocation of Costs

All programs will be charged their fair share of the costs whose benefits are not readily identifiable with a specific program or funding source but are necessary to the general operation of the organization.

Beginning, January 1, 2018, the costs of providing program and other activities will be summarized on a functional basis. Expenses that can be identified with a specific program will be charged directly to that program. Program expenses that cannot be identified with a specific program will be allocated. For 2018, executive director services are allocated based on the budget for these services and any operating expenses that benefit more than one cost center (program, management & general, and fundraising) will be allocated based on the ratio of program executive director services to total executive director services. This will be done at the end of 2018 by the Administrative Coordinator.

Property, Inventory and Control

The ARC does not own any real property or equipment. However, in the event any real property or equipment is procured with ARC funds or with grant funds from the U.S. Environmental Protection Agency (EPA), or other federal agencies, the ARC Property Management Policy will be followed.

Management Override of Policies or Procedures

If a member of the ARC staff or member community suspects that a high-level member within the ARC or Executive Director Staff is attempting to override established policies, procedures or procurement controls for personal gain or advantage, it should be reported to the ARC Chair or other officer. Any information reported will be kept confidential.

Audits

The ARC is required to have an annual audit. Periodically, as determined by the Board, a Request for Proposal is sent to audit firms qualified to provide the type of audit that meets the ARC and/or funder need. The Audit Committee is responsible for soliciting bids, interviewing firms and making the recommendation to the Executive Committee when selecting the firm to be awarded the audit

contract. Acceptance of the audit contract will be evidenced by a signed audit engagement letter that contains the type of service to be provided, the timeframe for providing the service, the cost for the service including incidental expenses, the term of the engagement and a clause stating “if unanticipated issues arise during the course of the audit that will result in additional fees, the audit firm will notify the Audit Committee for approval prior to incurring additional costs”.

The audit is reviewed in detail by the Audit Committee but presented to the Executive Committee by the auditor and accepted by the Full ARC based upon recommendation by the Audit Committee.

Taxes and Reporting Requirements

The auditor prepares Form 990 “IRS Return of Organization Exempt from Income Tax,” the “Michigan Exempt Organization Annual Information Return,” and the State of “Michigan License to Solicit” if necessary.

Grants and Contracts

The ARC will follow the ARC Purchasing Policy, ARC Procedures for the Pursuit and Acceptance of Grants and the Contract Approval Procedure in addition to the below. Contracts and grant documents are reviewed and approved by appropriate program staff, the Grant Representative, Treasurer, Executive Committee and Full ARC prior to being signed by the ARC chair/ARC Grant Presentative and/or Executive Director.

- The Grant Representative and Treasurer will carefully review each award to ensure that the ARC will be in compliance with all financial provisions.
- The Committee Chair with the assistance of the Executive Director Staff will carefully review each award to ensure that all programmatic provisions will be met. The ARC will fully consider timelines involved in a grant or contract to make sure the project can be completed in the time necessary to provide the desired results as to make sure there is an absence of pressure to meet unrealistic procurement performance targets.
- Original copies of signed grants and contracts are filed in the contract file with copies to the Treasurer, Committee Chair and Chair.
- The Administrative Coordinator will assign appropriate general ledger account numbers and customer numbers for each new grant or contract.
- The Treasurer will designate the appropriate staff responsible for preparation of reports, payment requests and/or invoices.

- The Administrative Coordinator will maintain individual contract files containing copies of the grant/contract, any amendments, relevant correspondence regarding the grant/contract, and reports of expenditures or billings.

Drawing Federal Funds

The Administrative Coordinator is authorized to request payment from the Federal government for grant awards. Using the ARC's Request for Payment form, the Grant Representative and Treasurer verifies that the requests and payments are accurate and approves the drawdown (see the Funds Disbursement section of this manual). Supporting documents are required for the draw of funds and for issuing payments.

Minimizing Time Between Receiving Federal Funds and Issuing Payments

Drawdown of funds occur on an as needed basis or monthly and the organization minimizes the time elapsing between the drawdown of funds and disbursement. Programmatic requests for payments are received in accounting and processed by the Administrative Coordinator via drawdown from the federal agency's payment system. After funds have been wired into the organization's bank account, the Administrative Coordinator prepares the checks and submits them to the ARC Grant Representative and ARC Treasurer for review and approval. Within 5 business days of receipt of wire transfers, payments are prepared by the Administrative Coordinator and mailed by the Staff Assistant to contractors and/or suppliers in accordance with federal regulations. The ARC complies with federal provisions for minimizing the time elapsing between the drawdown of funds and disbursement by operating its federal grant awards on a reimbursement basis. The timing and amount of cash advances shall be as close as administratively feasible to the actual disbursements by the recipient for direct project costs and the proportionate share of allowed indirect costs. This practice ensures that no federal funds are drawn down in advance of actual expenditures.

Drawing Federal Funds as Advanced Payments

The ARC does not draw Advanced Payments of Federal Funds. In the event the ARC draws down and receives advanced payments the funds will be placed in an interest-bearing account and expended within 5 business days.

General Standards – Reasonable, Allocable, and Allowable

Costs charged to a federal grant award must be reasonable, allocable, and allowable. The standards presented in the below checklist are referenced by staff involved in the financial management of such awards. As a general rule, all of the items on the checklist must be met for a cost to be charged to a federal award.

Costs are:

- Consistent with the project budget approved by the awarding agency
- Not being counted as cost sharing or matching on another federal grant award
- Consistent with policies and procedures that apply uniformly to activities, whether federally sponsored or not
- Adequately documented with supporting source documents

Costs are **Reasonable** when:

- It does not exceed what a prudent person would pay under the circumstances
- It is generally recognized as an ordinary and necessary expense for the type of project being conducted
- Reflects market prices for comparable goods or services for the geographical area
- It is consistent with the organization's established practices, procedures, and/or policies for incurring such a cost

Costs are **Allowable** when they are:

- Not excluded by the Uniform Guidance
- Not excluded by the federal agency that funded the grant award
- Not excluded by the funding program or by the terms of the grant award

Cost are **Allocable** when:

- It is incurred specifically for the project to which it is being charged
- It clearly benefits the project and must be treated consistently in like circumstances
- It is divided across projects in a manner that reflects the proportional benefit in situations where the cost benefits two or more projects
- It is not being applied to use up surplus funds or to avoid a deficit on another sponsored project

Program Income

If program income is generated under a federally funded project it will be added to the project funds, used to finance the non-federal share, or deducted from the total project costs.

Budgets

The ARC will follow the Budget Preparation and Amendment Request Procedure in addition to the below. Budgets provide a standard by which to measure performance, encourage planning, and allocate resources in accordance with funding source requirements. Budgets should use reasonable assumptions of income and expenses. All budget assumptions should be documented to facilitate a thorough analysis and evaluation, not only of the budget, but of the actual revenue and expenditures as they relate to the budget.

- The budget is prepared by the Committee Chairs and Finance Committee.
- Budgets are submitted to the Executive Committee for review and approval prior to submission to the full ARC.
- The Treasurer will submit an annual budget to the full ARC for their approval.

Internal Reporting

Reports assist the full ARC, Executive Committee, and funders with managing and controlling of program activities and financial resources.

- Monthly financial reports, including a revenue and expense report, and balance sheet where appropriate, will be provided to the Treasurer.
- The Administrative Coordinator will prepare monthly and quarterly reports as required by funding sources.
- The Treasurer or designee will review the reports to the funding sources.
- The Treasurer or designee will sign all reports to funding sources.
- The Administrative Coordinator will prepare and maintain, on a current basis, a listing of reports and due dates for funding sources.
- It is the responsibility of the Administrative Coordinator to ensure that all financial reports are submitted on a timely basis.

Record Retention

The ARC Record Retention Policy sets guidelines on the retention of records which will meet the requirements of all federal and state agencies, as well as those of other funding sources.

Insurance

The ARC will maintain Public Officials and Employment Practices Liability Insurance.

APPENDIX A: ARC POLICIES

Adopted by the
Full ARC on 11/21/13

VENDOR MANAGEMENT POLICY

Revised 9/13/22

Purpose

The Alliance of Rouge Communities (ARC) relies on products and services provided by a variety of vendors, including consultants and contractors. A current list of the ARC's vendors shall be maintained online at www.allianceofrougecommunities.com consistent with this Policy.

It is the duty of the Executive Director Staff to ensure:

1. Each vendor relationship supports the ARC's strategic plan and meets the requirements and policies of the ARC;
2. The ARC has sufficient expertise to oversee and manage the relationship;
3. The ARC has evaluated prospective providers based on the scope and criticality of the outsourced services;
4. The risks associated with the use of vendors for the ARC's critical operations are fully understood; and
5. An appropriate oversight program is in place to monitor each vendor's risk management controls, financial condition and contractual performance.

In recognition of the ARC's reliance on vendor supplied products and services and the need to manage the attendant risks, the Executive Director Staff has prepared and the Full ARC has adopted this Vendor Management Policy governing the acceptance, maintenance and ongoing monitoring of contractual relationships with vendors.

Rationale

The Alliance of Rouge Communities (the "ARC") acquires services from third-party suppliers, vendors, consultants and/or contractors (the "Vendor" or "Vendors") which involve risks similar to those that arise when these functions are performed internally by ARC staff. These include such risks as threats to the availability of systems used to support these transactions along with the accuracy, completeness, integrity, security, and privacy of protected information and compliance with applicable regulations.

Under contractual arrangements, risk management measures commonly used by the ARC to address these risks, are generally under the control of the vendor, rather than the ARC. However, the ARC continues to bear certain associated risks of financial loss, reputation damage, or other adverse consequences from actions of the vendor or the failure of the vendor to adequately manage risk. Consequently, it is incumbent upon the ARC to evaluate the ability of existing and prospective vendors to fulfill their contractual obligations and to prepare formal analyses of risks associated with obtaining services from, or outsourcing processing to, third parties.

Applicability

This policy shall apply to ARC services including day-to-day operations and grant-funded projects that require services from Vendors for whom the ARC has oversight.

Custodian

The Alliance of Rouge Communities Executive Director Staff shall be the custodian of the Vendor Management Policy with oversight by the ARC Treasurer.

Classifications of Vendor Criticality

During the vendor selection process, the Executive Director will assess the risks associated with vendor inadequacy (e.g. quality of goods and services, delivery schedules, warranty assurances, user support, etc.). Prior to determining the risk, the ARC will consider the criticality of the services and apply a ranking according to the criteria below.

- **Highly Critical (3)** - Services in this category include those considered "mission critical" to the ARC's operations. The ARC would not be able to operate at adequate capacity without the availability of such services or deliver minimally acceptable levels of customer service.
- **Important (2)** - Services in this category include those considered of importance to the ARC's operations.
- **Incidental (1)** - Services of vendors in this category include those considered incidental to the ARC's operations or for whom the ARC would have an acceptable alternate vendor readily available or an alternative means to process.

Risk Management

Risk management is the process of identifying, measuring, monitoring and managing risk. Risk exists whether the ARC performs work internally or outsources work.

Executive Director Staff, with oversight from the ARC Treasurer, will consider some or all of the following factors in evaluating the quantity of risk at the inception of an outsourcing decision. The degree to which these factors will be considered will depend on the criticality rating of the function provided by the vendor.

Risks pertaining to the function outsourced

- Sensitivity of data accessed, protected or controlled by the vendor
- Volume of transactions
- Criticality to the ARC's business

- Experience with the function outsourced
- Reliance on subcontractors
- Location, especially if foreign based
- Redundancy and reliability of communication lines

Risks pertaining to the vendor

- Strength of financial condition
- Turnover of management and employees
- Ability to maintain business continuity
- Ability to provide accurate, relevant, and timely information systems

Risks pertaining to the technology used by the vendor

- Architecture
- Location (processing and data storage)
- Dependence on third parties
- Reliability
- Security
- Scalability to accommodate future growth

Vendor Procurement

Vendor Procurement will follow the ARC's Purchasing Policy.

Contracts

When contracts are required between the ARC and a vendor, the contract will be developed in accordance with the ARC's Contract Approval Procedure and the ARC Purchasing Policy.

For grant funded construction contracts the ARC uses the following: "Standard General Conditions Of The Construction Contract, Prepared By Engineers Joint Contract Documents Committee and Issued and published jointly by the American Council Of Engineering Companies, Associated General Contractors Of America,

American Society Of Civil Engineers, Professional Engineers in Private Practice a Practice Division of The National Society of Professional Engineers and Endorsed by Construction Specifications Institute”

Under these documents the procedures for termination of the Contractor’s contract are documented in Article 15 - Suspension of Work and Termination. The ARC allows our local community members to provide for additional allowances for termination based on their local governance in supplemental conditions to Article 15.

Vendor Contract Management

The Executive Director Staff will ensure vendors provide the goods and/or services in accordance with the vendor contract. Executive Director staff monitoring of contract performance will include but not be limited to review of the quantity and quality of goods and services, delivery schedules, warranty assurances and user support. The program shall monitor the vendor environment including its security controls, financial strength and the impact of any external events. The amount of review and documentation needed to support vendor contract management will vary depending on the criticality and complexity of the system, process or service being outsourced. The following documentation will be required from all vendors:

- Monthly invoices,
- Monthly financial reports,
- Project progress reports.

In addition, vendor monitoring may include periodic site visits as appropriate.

To increase monitoring effectiveness, the Executive Director Staff shall periodically, but at least annually, rank vendor relationships according to risk to determine which vendors require closer monitoring. Executive Director Staff, with oversight from the ARC Treasurer, shall base the rankings on the residual risk of the relationship after analyzing the quantity of risk relative to the controls over those risks. Relationships with higher risk ratings should receive more frequent and stringent monitoring for due diligence, performance (financial and or operational) and independent control validation reviews.

**ALLIANCE OF ROUGE COMMUNITIES (ARC)
TRAVEL REIMBURSEMENT POLICY**
Adopted by the Alliance of Rouge Communities on September 9, 2010

Revised 9/13/22

INTRODUCTION

This travel policy requires that sound business judgment is used in both determining the need for travel on behalf of the ARC, as well as in expending financial resources when travel is necessary. This travel policy will apply to any ARC-funded travel outside of the general boundaries of the Rouge River Watershed conducted by ARC members, staff or contractors.

1.0 APPLICABILITY

ARC contractors are entitled to reimbursement for travel if the contract or grant allows for travel. ARC members or staff who travel on ARC business may be reimbursed for eligible expenses as determined by the ARC Chair. All travel costs must be allowable, allocable, and reasonable.

2.0 TRAVEL AUTHORIZATION

The ARC Chair shall ensure that travel on behalf of the ARC is necessary and allowable under any contract or grant and shall authorize all ARC-funded travel prior to the beginning of the trip, with the exception of mileage reimbursement for contractor use of personal vehicles. Once travel is complete a travel voucher will be reviewed and approved by the ARC Treasurer and ARC Grant Representative if the costs claimed and billed are allowable and associated with a specific federally funded project.

3.0 AIR TRAVEL

Air travel should be in coach class only. Travel should be planned as far in advance as possible to take advantage of discounted fares, especially if reasonable certainty exists that the event will take place. If more than one carrier offers service, travel should be on the carrier that offers the lowest price.

4.0 RENTAL CARS

Generally no cars larger than a mid-size should be rented. The use of rental cars, even if authorized, must be justified in writing by the traveler and attached to the voucher. Claims for rental car gasoline must be supported by original receipts.

5.0 LODGING

ARC contractors are entitled to reimbursement for lodging if the contractor's employee is on a temporary assignment that is at least 150 miles in distance from either his/her office or residence. If a temporary assignment concludes during the workday and is located within 150 miles of the contractor's employee's official station or residence, the contractor's employee is expected to return to their residence, rather than remain at the temporary location overnight.

When overnight lodging is required, accommodations should be reserved that are reasonable but not extravagant. When applicable, government rates, corporate rates or other discounts should be obtained. Any hotel expenses considered excessive or unreasonable will not be reimbursed. Instead, in those cases, lodging reimbursement will be

limited to the General Services Administration (GSA) lodging rate for the location in question as per the following website:

http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentId=17943&contentType=GSA_BASIC

6.0 SUBSISTENCE

Subsistence for those traveling on ARC-related business which requires an overnight stay is eligible for reimbursement on a per diem basis. Specific per diem rates for different localities may be found at the General Services Administration website as follows:

http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentId=17943&contentType=GSA_BASIC

7.0 MILEAGE RATE FOR USE OF PERSONAL VEHICLE

ARC contractors are entitled to mileage reimbursement for use of a personal vehicle while on ARC-related business if the contract allows for mileage reimbursement. ARC members or staff who travel on ARC business may be reimbursed for personal vehicle mileage while on ARC-related business as determined by the ARC Chair.

The maximum reimbursement rate will be the rate stipulated by the General Services Administration as follows:

http://www.gsa.gov/Portal/gsa/ep/contentView.do?contentType=GSA_BASIC&contentId=9646

8.0 NON-REIMBURSABLE EXPENSES

Examples of expenses that will not be reimbursed include but are not limited to the following:

- Alcoholic beverages, entertainment;
- Laundry, dry cleaning and pressing of clothing;
- Travel insurance;
- Parking fines and traffic violations;
- Charges incurred because of indirect travel for personal reasons, and
- The cost of travel for spouses, other family members and friends is not reimbursable under any circumstances.

Additionally, ARC members, staff and contractors who travel on behalf of the ARC will not be reimbursed for excess costs caused by:

- An indirect route as a matter of personal preference
- Premature departure for personal reasons from a temporary location, or
- Extending a stay for personal reasons.

9.0 RECEIPTS

Except for per diem expenses, valid original receipts are required for all expenditures regardless of cost. If a receipt is not normally provided for the expense (bus tokens, etc), the certification signed by the traveler on the voucher will justify the expense. Receipts submitted with the voucher should be originals indicating the name of the payee, date paid, amount and the service rendered. This includes the original Passenger Receipt Coupon of the airline ticket. If an electronic ticket is used, the boarding passes for each flight must be submitted with the travel voucher.

10. TRAVEL VOUCHER COMPLETION

After completion of travel, a travel voucher must be submitted for reimbursement. Original receipts must be attached to all travel vouchers, along with the pre-travel authorization from the ARC Chair. Travel vouchers must be completed and submitted to the appropriate reviewer within twenty (20) business days after completion of the trip. Travel vouchers for contractors are submitted to a management official of the contractor for review and authorization for inclusion in an invoice submitted to the ARC. Travel vouchers for ARC members or staff are submitted to the ARC Treasurer for review and authorization for payment.

Dates and times of each departure from residence or office, arrival at and the name of the destination and arrival back to the residence or office must be shown on the travel voucher. A certification signed by the traveler must be included on the travel voucher that states that the trip indicated was actually taken and that all expenses are accurate and correct.

Alliance of Rouge Communities

Timekeeping (Payroll) Policy

Adopted by the ARC on September 9, 2010

Revised: 9/13/22

The Alliance of Rouge Communities (ARC) does not have employees. However, in the event employees are hired the following rules will apply.

These procedures are designed to assure that payroll is based on proper authorization and required documentation, is paid at the approved rate, is only paid to actual employees, and to assure that proper and timely reporting is made to federal, state, and local taxing authorities.

The ARC outsources its payroll to a payroll company.

- The ARC's payroll reporting system for time and attendance is processed on a bi-weekly basis for actual hours worked.
- Payroll is based on time sheets completed by employees and approved by supervisors. Each time sheet reflects the cost centers, including grant projects, to which the employees' time is charged.
- Funding and direct hours charged to a grant are reviewed and approved by both the Grant Representative and the Treasurer.
- Time sheets will reflect the use of sick, vacation, or other leave time, if applicable. Overtime for Non Exempt employees requires the prior approval of the employee's supervisor.
- Sick, vacation or other leave time will not be charged to any grant, only to general operating expenses, so all hours recorded for grant sources are actual hours worked.
- Time sheets must be completed in ink with no whiteout or correction tape. Changes are initialed by the employee. The time sheet will be signed by both the employee and the assigned supervisor.
- New hires and salary and/or benefit changes must be approved by the Chair. A Personnel Action Form authorizing the salary, wages and employee position is completed by the Executive Director and signed by the Chair and forwarded to the Administrative Coordinator for processing.
- Payroll records are maintained by the Administrative Coordinator in a confidential manner. Information regarding payroll will not be discussed with other staff. Files must be in locked cabinets with access limited to designated personnel.
- Documents that verify tax withholding and authorize other deductions such as health insurance premiums or voluntary contributions are filed in the payroll files by the Administrative Coordinator. A separate file contains the I-9 forms for each current employee and is maintained by the Administrative Coordinator.

POLICY FOR PURSUIT AND ACCEPTANCE OF GRANTS, SUBGRANT ELIGIBILITY AND GRANT MANAGEMENT

Revised 9/13/22

BACKGROUND

The Alliance of Rouge Communities routinely applies for grants from the state and federal government and from private foundations. The projects proposed for grant funding can benefit the entire watershed or a specific area, i.e., a branch of the Rouge River, a specific area of the watershed, or a member community or cooperating partner. Upon receipt of a grant for Rouge River restoration activities, the ARC may implement the project on behalf of the watershed and/or may issue subgrants for all or part of the work to ARC members, cooperating partners, or other parties.

Further, the ARC has advised Wayne County Department of Public Service on the eligibility requirements for subgrants awarded under the provisions of the Rouge River National Wet Weather Demonstration Project (Rouge Project). Wayne County has acted upon the advice of the ARC including limiting the subgrant eligibility of communities in the Rouge watershed to those that are members of the ARC. At its August 2006 meeting, the ARC passed a resolution concerning future eligibility of communities within the Rouge River watershed for grant dollars from both the Rouge Project administered by Wayne County, and future grants obtained by the ARC itself.

This policy addresses:

- Pursuit and Acceptance of Grants, including Determination of Grant Match and Documentation,
- Grant Management,
- Subgrant Eligibility, and
- Subgrant Requirements and Management.

Any divergence from this policy shall be first reviewed by the ARC Executive Committee and subsequently approved by the ARC members at a regular meeting of the ARC.

PURSUIT AND ACCEPTANCE OF GRANTS

On March 25, 2010, the ARC approved the document "Procedures for the Pursuit and Acceptance of Grants", shown below and hereby incorporated into this Policy.

Objectives

- Take a proactive approach to the pursuit of grant opportunities to support ongoing ARC activities
- Develop a policy that maximizes probability of success and includes proper authorization to commit grant pursuit and match funds

Application Criteria

The ARC will apply for grants that offer watershed-wide benefits. Application for grants that provide only local benefits may be reviewed on a case by case basis.

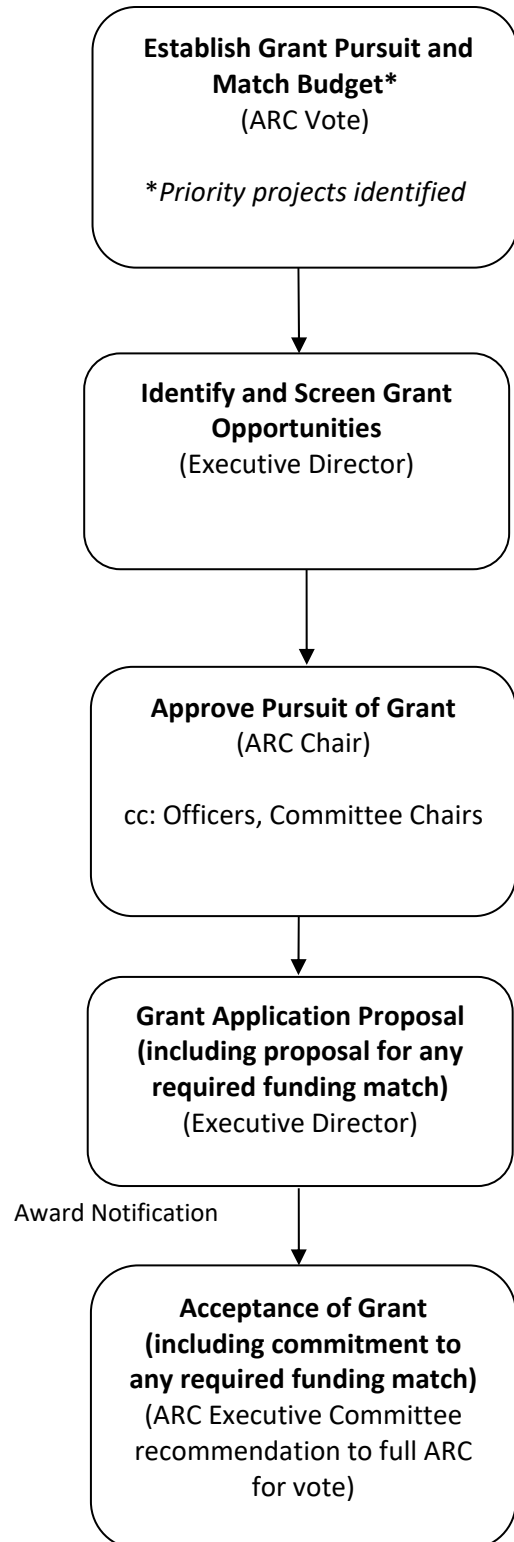

ARC grant applications shall focus on ARC core priorities such as:

- Watershed management planning and implementation
- Illicit Discharge Elimination Plan investigations
- Public involvement and education
- Studies and collection of data
- Data management and analysis
- Annual reporting
- Staff support

Policies

Consistent with ARC procurement policy, the ARC may accept assistance from ARC members, consultants and other interested parties to help prepare grant applications.

The ARC may choose to provide letters of support and/or commitment for grant applications submitted by ARC members, cooperating partners, or other appropriate organizations. Letters of support/commitment from the ARC will be issued at the discretion of and by the ARC Chair upon receipt of requests submitted directly to the Chair.

DETERMINATION OF GRANT MATCH AND DOCUMENTATION

In some cases, a granting agency may require that the successful grantee provide funding for part of the estimated project costs as match or cost sharing (“grant match”). Typically, if grant match is required, it must be described and enumerated in the grant application. If match is required to be pledged in a grant application, ARC staff will recommend a grant match plan based on the proposed grant activities. If the grant match plan includes contributions by individual ARC member communities, cooperating partners, or others, those parties included in the ARC’s grant application (“ARC team”) will provide a letter committing to and documenting the dollar value of any match, cost-sharing or in-kinds services that they will provide for federally funded projects. Eligible activities for grant match are specified by the grant contract and if allowed, typically include in-kind services, cash and/or volunteer time.

In Kind Services

If consistent with the grant requirements, in-kind services furnished by professional and technical personnel, consultants, and other skilled and unskilled labor may be included as grant match if the service is an integral and necessary part of an approved project or program. In-kind services shall be consistent with those paid for by the ARC for similar work or in a subgrantee’s organization. In those instances where the required skills are not found in the ARC team’s organization, rates shall be consistent with those paid for similar work in the labor market in which the ARC team competes for the type of services involved. In either case, paid fringe benefits that are reasonable, allowable and allocable may be included in the valuation. When an employer other than the ARC furnishes the services of an employee, these services shall be valued at the employee’s regular rate of pay (plus an amount of fringe benefits that are reasonable, allowable, and allocable, but exclusive of overhead costs), provided these services utilize the same skill for which the employee is normally paid. In-kind match will be documented using timesheets.

Cash Match or Cost Sharing

Cash match or cost-sharing is payment for services/goods related to the grant and is documented by paid invoices.

Volunteer Match

If consistent with the grant requirements, the value of volunteer match will be calculated based on generally accepted hourly rates approved by the granting agency and will be documented using sign-in sheets that include the activity, the date, times worked and the name of the volunteer.

The grant match plan will be enumerated in the grant application and will meet the following criteria:

- Is verifiable from the ARC’s or subgrantee’s records;
- Is not included as contributions for any other federally-assisted project or program;
- Is necessary and reasonable for proper and efficient accomplishment of project or program objectives; and
- Is not paid by the Federal Government under another award, except where authorized by Federal statute to be used for cost sharing or matching.

GRANT MANAGEMENT AND CONTRACTOR MONITORING

The ARC and its staff will be responsible for the overall monitoring of contractors, contract administration, direction, and quality management for all accepted grant contracts. Grant management activities include but are not limited to administration of the grant and any subgrants, reporting, quality assurance and quality control, communication with granting agencies, and other necessary activities to ensure that the project is conducted in accordance with the grant agreement and any other requirements of the granting agency and with ARC policies and procedures. Contractor invoices will be

reviewed by ARC Staff before continuing the procedures for payment outlined in the ARC Accounting Procedures Manual.

Changes to the grant match plan included in the grant application and/or contract which are needed during the term of the grant agreement will be approved by the ARC Executive Committee and federal funding agency prior to implementation.

All correspondence with contractors will be included in the federal award file and

SUBGRANT ELIGIBILITY

It is the policy of the ARC that any grants received by the ARC and allocated in the form of subgrants to other entities shall be limited to:

- Agencies that are members in good standing of the ARC (Primary and Associate Members, i.e., public agencies that have adopted the bylaws of the ARC and have paid their assessments as well as approved nested jurisdictions of ARC members in good standing); or
- Public or private entities not eligible for ARC membership (i.e. Cooperating Partners, such as autonomous public entities with no Rouge River water discharge permit requirements, and private non-profit or private educational institutions).

Further, it is the policy of the ARC that it will conduct projects at locations in ARC and non-ARC member communities if it is awarded grants related to the Rouge River Area of Concern (i.e., Great Lakes Restoration grants) which cover the entire watershed and are tied to beneficial use impairments in the entire Rouge River Watershed.

SUBGRANT REQUIREMENTS AND MANAGEMENT OF AWARDED SUBGRANTS

Any ARC member awarded a subgrant shall remain an ARC member in good standing throughout the term of the subgrant award. In the event that an ARC member is awarded a subgrant and subsequently chooses not to remain a member of the ARC during the term of any subgrant, the subgrant award or interagency subgrant agreement shall provide for a means to authorize the ARC to terminate the subgrant and retain any unpaid portion of the subgrant.

In the event a grant is awarded to the ARC for the Rouge River Area of Concern, which encompasses the entire Rouge River Watershed, subgrants may be awarded to non-ARC member communities. Grants may also be administered by the ARC on behalf of non-ARC member communities.

In addition to grant and contractual requirements enumerated in agreements between the ARC and another party, any subgrants issued by the ARC will be monitored in the following ways:

- Subrecipients will be required to provide written monthly financial and project progress reports to the ARC, unless otherwise noted in the contract, and
- Projects covered by subawards between the ARC and another party will be monitored during site visits by ARC staff.

Other criteria may be enumerated in the contract between the ARC and the subgrantee.

ALLIANCE OF ROUGE COMMUNITIES (ARC) PROPERTY MANAGEMENT POLICY

**Adopted by the Alliance of Rouge Communities on September 9, 2010
Revised 9/13/22**

The Alliance of Rouge Communities (ARC) does not own any real property or equipment. However, in the event any real property or equipment is procured with ARC funds or with grant funds from the U.S. Environmental Protection Agency (EPA), or other federal agencies, the following rules will apply and be maintained by the Executive Director.

INSURANCE

The ARC will acquire insurance coverage for all real property and for equipment whose purchase price exceeds \$5,000. In the event the ARC uses federal funds to purchase any type of property, insurance coverage will be equal to what the ARC has for its own property.

ACQUISITION OF REAL PROPERTY

The ARC does not own any real property and does not anticipate owning any real property. However, if in the future the ARC purchases property with federal funds it will:

- Have the title for the property,
- Will not encumber the property without approval of the federal funding agency, and
- Will get written approval from the federal funding agency to use the real property in other federally-sponsored projects or in programs that are consistent with those supported by the federal funding agency, once it is determined that the property is no longer needed for the original project.

USE OF FEDERALLY-OWNED AND EXEMPT PROPERTY

If the ARC uses federally-owned property in any contract with the EPA or another federal agency, the following principles will be followed:

- Title to federally-owned property remains vested in the Federal Government;
- An annual inventory of federally-owned property in the ARC's custody will be sent to the property management staff of the federal funding agency;
- Upon completion of the contract or when the property is no longer needed, the ARC will report the property to the property management staff of the federal funding agency for further utilization; and
- If the federal funding agency has no further need for the property, it shall be declared excess and reported to the General Services Administration.

If the ARC uses exempt property in its contract with a federal agency:

- The federal agency can choose to give the ARC title to property acquired with Federal funds without further obligation, when allowed by law; and
- If the federal agency doesn't establish conditions, the ARC will have the title upon acquisition without further obligation.

CAPITAL EQUIPMENT ACQUISITION AND MANAGEMENT

The ARC Purchasing Policy will be followed for acquisition of equipment with ARC funds. All costs associated with making assets serviceable are capitalized. Invoices substantiating the acquisition cost of each unit of property shall be retained for a minimum of three years. The ARC will maintain records for tangible nonexpendable personal property having a useful life of more than one year and an acquisition cost of \$5,000 or more per unit. The records will be maintained by ARC Staff and include the:

- Equipment description;
- Tagged with serial number, model number, or other identification number;
- Source of the equipment, including federal award identification number;
- Title holder;
- Identification as Federally-owned, if applicable;
- Acquisition date (or date received) and historical cost as of the date acquired including installation charges and freight;
- Information to calculate percentage of Federal participation in cost, if applicable;
- Location and condition of the equipment and date reported;
- Unit acquisition cost; and
- Ultimate disposition data, including date of disposal and sales price or method used to determine fair market value.

The ARC will take a physical inventory that is reconciled with equipment records every two years with any differences investigated to determine the causes. The inventory will include verification of the existence, current utilization, and continued need for all equipment. The ARC will establish an equipment control system to insure safeguards to prevent loss, damage, or theft. Any loss, damage, or theft of equipment will be investigated and fully documented and if owned by the Federal Government, notification will be provided to the federal funding agency. The ARC will employ proper maintenance procedures to keep the equipment in good condition.

If the ARC acquires equipment with federal funds, it will:

- Not use the equipment to provide services for a fee less than that charged for equal services while the Federal Government has an interest in the equipment, unless authorized.
- Use the equipment for the applicable project or program as long as needed, even if the project or program is no longer supported by Federal funds.
- Make the equipment available for other projects or programs during the original project or program, if it will not interfere with work on the original project or program. Give first priority to activities sponsored by the federal funding agency, then to activities sponsored by other Federal agencies.
- Use the equipment for other federally-sponsored activities if the equipment is no longer needed for the original project or program. Give first priority to activities sponsored by the federal funding agency, then to activities sponsored by other Federal agencies.
- Use equipment owned by the Federal Government for activities not sponsored by the Federal Government, if authorized by the federal funding agency. Any user charges will be treated as program income.
- Use the equipment as trade-in or sell it and use the proceeds to offset the costs of replacement, if approved by the federal funding agency.

Equipment with an economic useful life of 12 months or less are expensed for financial statement purposes, regardless of the acquisition or production cost. Equipment acquired with external support becomes the property of the organization unless restricted by the funding organization.

The organization will obtain prior approval from the awarding agency prior to purchasing capital equipment.

INTANGIBLE PROPERTY

The ARC may copyright any work that is subject to copyright. For ARC-copyrighted work that is developed under a contract with a federal funding agency, that agency can reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so. The ARC will follow any applicable regulations for patents and inventions.

If a Freedom of Information Act (FOIA) request is made to the federal agency that is funding work of the ARC, the ARC will provide research data within a reasonable amount of time for the federal funding agency to respond to the FOIA request.

The ARC will retain title to intangible property and debt instruments. For such property acquired using federal funds, the ARC will use that property for the originally-authorized purpose, and will not encumber the property without approval of the federal funding agency.

PROPERTY TRUST RELATIONSHIP FOR FEDERALLY-FUNDED REAL PROPERTY

The ARC will record liens, deed restrictions, or other appropriate notices of record to show that real property has been acquired with Federal funds and that use and disposition conditions apply to the property. In the event property is improved with ARC funds or federal funds, the ARC will file notices of record as deemed appropriate by the ARC and in accordance with federal requirements.

PROPERTY DISPOSITION

Real Property

If the property exceeds \$5,000 and was purchased with federal funds and is no longer needed, the ARC will request disposition instructions from the appropriate federal agency to:

- The Executive Committee is notified prior to the disposal of an asset purchased with federal funds.
- Keep the title without further obligation after the Federal Government is compensated for its share of the current fair market value of the property;
- Sell the property under guidelines provided by the Federal Government and pay the Federal Government for its share of the current fair market value of the property (after deducting reasonable selling and fix-up expenses, if any, from the sales proceeds); or
- Transfer title to the Federal Government or an eligible third party after being compensated for the ARC's share of the current fair market value of the property.

Equipment

When equipment purchased by the ARC becomes obsolete or is no longer needed, it will be sold or otherwise disposed of properly. The current per-unit fair market value will be determined for each item prior to disposal. If the item is to be sold, the highest possible return will be sought, and sales procedures to provide for competition will be used where beneficial. All disposals will be recorded on the ARC equipment inventory.

For equipment purchased with federal funds that has a current per unit fair market value of \$5,000 or more at the time of desired disposition, the federal funding agency will be contacted regarding disposition. One of the following disposal methods will be utilized in such cases:

- The equipment will be kept for other uses after compensation to the funding agency for the Federal share of the current fair market value of the equipment;

- The equipment will be sold, and the difference between the sales proceeds and the Federal share of the original project or program will be reimbursed to the funding agency. This is the default action if the ARC hasn't received disposition instructions from the funding agency within 120 calendar days after request. A deduction of \$500 or ten percent of the proceeds, whichever is less, will be applied from the Federal share for selling and handling expenses.
- Ship the equipment elsewhere after federal reimbursement for the ARC share of the current fair market value of the equipment, plus reasonable shipping or interim storage costs.
- Otherwise dispose of the equipment after federal reimbursement for any costs incurred.
- Transfer the equipment title to the Federal Government or to an eligible third party if the equipment was identified in the federal contract or otherwise made known to the ARC in writing.

Supplies and other expendable property

If the ARC has unused supplies less than \$5,000 they can be retained by the ARC. If the ARC has unused supplies worth more than \$5,000 when a federally-sponsored project or program is over and the supplies are not needed for any other federally-sponsored project or program, the ARC can either keep the supplies or sell them, but the ARC will compensate the Federal Government for its share.

The ARC will not use supplies acquired with Federal funds to provide services to non-Federal organizations for a fee less than that charged for equivalent services if the Federal Government retains an interest in the supplies, unless authorized.

- **\$20,000.00 and higher**
Formal, publically advertised, competitive sealed bids/proposals are required. A Request for Bids/Proposals shall be developed by the Executive Director, which shall be approved by the ARC Executive Committee. The Request for Bids/Proposals shall require interested bidders/proponents to provide the following information as appropriate:
 - description of service or goods desired
 - desired delivery date or commencement date
 - desired termination date
 - bidder's/proponent's qualifications
 - warranties
 - references
 - performance bonds (if required)
 - acquisition cost, fees, or other potential ARC financial obligation
 - preferences for environmentally friendly and energy efficient products and services where applicable

The Request for Bids/Proposals shall also indicate the following information:

- deadline to submit
- date, time and place that bids/proposals will be publicly opened
- address to which bids/proposals are to be submitted

All Requests for Bids/Proposals shall include a statement that the Alliance of Rouge Communities reserves the right to accept or reject any or all bids/proposals to waive informalities or errors in the process, and to accept any bid/proposal deemed to be in the best interest of the ARC, including bids/proposals that are not for the lowest amount.

Sealed bids/proposals shall be submitted to the ARC Executive Director by a date and time specified, and shall be marked on the outside "sealed bid/proposal for _____ (indicate goods and or services)." Each bid/proposal shall be stamped with date and time received. The ARC Executive Director or her/his designee and one ARC Executive Committee Member shall publicly open all

bids/proposals submitted at the date and time indicated on the request for bids/proposals. All bidders/proponents shall be notified of the contract award in a timely manner.

No purchase shall be divided for the purpose of circumventing the dollar value limitation contained in this section. However, a series of purchases from one vendor which individually are within the above limits, but collectively exceed them, shall not be deemed to be one purchase for the purposes of this division if such series of purchases could not reasonably have been made at one time.

All procurement transactions will be conducted in a manner to provide, to the maximum extent practical, open, and free competition. Buyers shall avoid purchasing unnecessary items. All contractor bids and quotations will be evaluated on the basis of product, quality, technical compliance with specifications, total cost and the contractor's acceptance of terms and conditions of the contract.

Purchases are evaluated to ensure they are reasonable, allocable, and allowable. Regardless of the cost of acquisition, the organization avoids purchasing unnecessary items. Where applicable, the organization evaluates lease vs. purchase options to determine which is more economical. Financial reports are issued as required. Before an award is made, the ARC will conduct and document a cost or price analysis for every procurement in excess of the Simplified Acquisition Threshold (30.45, 2 CFR 200.324) which includes a history of the procurement and explanation of how the cost was determined to be reasonable.

All purchasing decisions will be made in the best interests of the ARC.

3. EXCEPTIONS TO PRICE COMPARISON OR COMPETITIVE BID/PROPOSAL REQUIREMENTS

As described above, purchases between \$1,000 and \$19,999 require price comparison and purchases above \$20,000 require a competitive process for bids/proposals. Criteria for when an exception to these requirements may be made are:

- a. Where there is only one source able, suitable, or acceptable to provide the service or equipment desired, in this case a written justification will be prepared and kept on file;
- b. Where the subject of the contract is not competitive in nature and/or no advantage to the ARC would result from requiring competitive bidding; or
- c. Where the urgency of the need is determined to be of an emergency nature by the Executive Director or ARC Chair and time requirements imposed for receipt of quotations for price comparison or competitive, sealed bids would be detrimental to the best interest of the ARC. Such emergency procurements shall be made with such competition as is practicable under the circumstances.

For exceptions based on criteria (1) and (2), documentation and justification of potential exceptions to the price comparison or competitive bid/proposal requirements should be included in the request forms for annual budget items or amendments to budget items submitted to the Finance Committee by an ARC Committee. After the Finance Committee has verified that a sole source vendor or a sole source purchase is warranted, the purchase will proceed according to other terms of this policy.

For exceptions based on criteria (3), the Executive Director or ARC Chair will proceed with the emergency procurement and will provide a report to the Executive Committee and Full ARC that describes the details of the needed service or equipment, documentation of the emergency circumstances, actions taken, and details of the expenditure.

4. REQUIREMENTS FOR EXECUTIVE DIRECTOR AND TECHNICAL SERVICES PROCUREMENT

As necessary, the ARC shall advertise a request for qualifications and/or proposals for Executive Director, Administrative and Technical Services. After reviewing all submitted proposals, the ARC shall choose one respondent for a contract to provide Executive Director, Administrative and Technical Services to the ARC. The ARC may establish a special committee (e.g., Proposal Review Committee) to assist with procurement of the Executive Director, Administrative and Technical Services, as provided under Article II.c.5 of the ARC Bylaws. The full ARC will approve the selection of the vendor to provide Executive Director, Administrative and Technical Services.

Additionally, the RFP Committee may choose additional respondents to potentially provide technical services to the ARC for grant-funded projects. The full ARC will approve the selection of pre-qualified vendors to provide additional technical services.

5. PURCHASING WITH FEDERAL AWARD FUNDS

Purchases made when procuring property or services through a federal award with federal funds follow the procurement standards under the Federal Uniform Guidance.

Purchases will maximize open and free competition with positive efforts to utilize small businesses, veteran-owned, women-owned businesses or minority-owned businesses (2 CFR 200.321). Federal awards will be reviewed to ensure that the goods or services to be purchased or contracted are allowable.

Procurement records will be kept, according to the ARC Records Retention Policy, that tell the basis for selection, justification and a basis for vendor/contractor selection.

All contracts, including small purchases, related to federal awards shall include the following procurement provisions as applicable; EEO, anti-kickback and Davis Bacon, contract work hours and safety standards, rights to inventions clean air and water act compliance, anti-lobby requirements and non-award to debarred/suspended contractors.

6. VENDOR SELECTION GUIDELINES FOR GRANT-FUNDED PROJECTS

The ARC Executive Director and Administrative staff provide grant administration services to the ARC for grant funded projects. Options for procurement of vendors to provide other services under grant funded projects are described in this section.

Watershed-Wide Projects. In the event that grant monies are received for activities that benefit the entire watershed or a subwatershed area containing more than one ARC community, the vendor selected under Section 4 to provide Executive Director, Administrative and Technical Services may lead the technical services if the scope of work is consistent with the provisions of their procurement. Similarly, the vendors pre-qualified to provide technical services under Section 4 may also lead grant funded technical services if the scope of work is consistent with the provisions of their procurement. The determination of the consistency of the grant funded work with the vendor procurement under Section 4 will be made by the Executive Committee.

The Executive Committee may also choose to solicit vendors for grant funded work through a competitive process consistent with the provisions of Section 2 of this policy and other applicable ARC policies and procedures, and consistent with the granting agency's procurement requirements. If this option is pursued, the ARC's pre-selected technical services vendors may submit proposals unless determined to be precluded by the Executive Committee on a case by case basis.

Area Specific Projects. When the ARC receives grant monies to conduct activities within a specific ARC member community or county, the community/county may provide input into the selection of the vendor to provide the grant funded services. The community/county may provide comments to the Executive Committee regarding use of the Executive Director staff or pre-qualified vendors procured under Section 4. The community/county may also provide comments to the Executive Committee regarding vendor selection if the Executive Committee chooses to solicit vendors for grant funded area specific projects through a competitive process. Such process must be consistent with the provisions of Section 2 of this policy and other applicable ARC policies and procedures, and that meets the granting agency's procurement requirements. If this option is pursued, the ARC's pre-selected technical services vendors may submit proposals unless determined to be precluded by the Executive Committee on a case by case basis.

If the community/county involved in the area-specific grant funded project desires that a vendor different than that selected by the ARC as described herein be utilized to complete the project, then the ARC and community/county may pursue executing a subgrant agreement whereby the community/county will complete the project subsidized all, or in part, with grant funds. Selection of a vendor to complete the work by the community/county under a subgrant agreement must meet vendor procurement requirements and other terms of the grant agreement between the ARC and the granting agency. If this option is pursued, the ARC's pre-selected technical services vendors may submit proposals unless determined to be precluded by the Executive Committee on a case by case basis.

7. DETERMINATION OF DEBARMENT OR SUSPENSION STATUS BEFORE AWARDING OF CONTRACTS

For award of contracts where federal funds will be utilized (e.g., contract funded by a grant award to the ARC by a federal agency), the ARC will require prior to contract award that the selected contractor, consultant, subgrantee, or individual confirm that:

- a. They are not excluded or disqualified sub-grantees or contractors in any federal program,
- b. They are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in transactions under federal non-procurement programs by any federal department or agency;
- c. They are not included on the "Excluded Parties List" system maintained by the federal government,
- d. They have not, within the three year period preceding the proposal, had one or more public transactions (federal, state or local) terminated for cause or default, and
- e. Are not presently indicted or otherwise criminally or civilly charged by a government entity (federal, state or local) and have not, within the three year period preceding the proposal, been convicted of or had a civil judgment rendered against it as follows:
 - I. For the commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public transaction (federal, state, or local) or a procurement contract under such a public transaction;
 - II. For the violation of federal or state antitrust statutes, including those proscribing price fixing between competitors, the allocation of customers between competitors, or bid rigging, or
 - III. For the commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property.
- f. The contractor, consultant, subgrantee, or individual agrees that it shall not knowingly enter into any subcontract with a contractor, consultant, or person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction.

An authorized representative of the prospective ARC contractor or subgrantee is required to sign a statement verifying that they are not suspended or debarred from doing business with the federal

government as described by items 1-6 above. ALLIANCE OF ROUGE COMMUNITIES CONTRACT APPROVAL PROCEDURE

The Technical Committee recognizes a need to develop contract approval procedures beyond what is listed in the ARC's Purchasing Policy for purchases above \$20,000. The purpose of this memorandum is to suggest a contract approval procedure to the Executive Committee for immediate use in hiring the recommended Land Cover Survey contractor. Further, it could form the basis for crafting a procedure for hiring future contractors or purchases above \$20,000.

Once a contractor has been selected for recommendation to the Executive Committee, the following procedure is recommended:

1. The Committee/subcommittee responsible for the contractor selection presents a written contractor recommendation to the Executive Committee. The recommendation should include the number of bids/proposals received, the names of the individuals or firms, the bid amounts and/or estimated cost of services, the approved budget, the rationale for selection, and any other pertinent detail considered during the selection process.
2. If the Executive Committee agrees with the recommendation, it would authorize the Executive Director to develop a contract between the ARC and the recommended contractor, within the limits of the approved budget for the task.
3. The draft contract language is reviewed, modified and approved by a contract review subcommittee comprised of the following: the ARC Chair (or his/her designated officer), the Executive Director (or his/her designee), a representative from the Wayne County DOE (for those contracts that are funded by the federal Rouge grant), the Committee Chair who issued the RFP upon which the contract is based (or his/her designee) and any other ARC member at the request of the Executive Committee, Committee Chair or contract review subcommittee.
4. Upon approval by the subcommittee, the final contract is sent to both the Executive Director and the ARC Chair (or his/her designated officer) for signature. Two copies of the approved contract are to be sent to the contractor for execution. The contractor is to return one copy of the executed contract to the ARC Executive Director. The Executive Director will send an executed copy to the Wayne County DOE for those contracts that are funded by the federal Rouge grant.
