*\*Participating in the Plan, but their complete efforts will be reported in their individual progress reports.*

## B. Action Strategy Status

The status of each action strategy includes a description of each activity, progress made during the reporting period and status of each metric.

### **Description**

As required, the approved Stormwater Management Program (SWMP) will be made available to the public via the ARC website and links on each community's websites throughout the permit cycle. Friends of the Rouge (FOTR) will inform its membership of the link to review the SWMP. The public will also be informed through the ARC's and community's social media that the plan is available for inspection and comment. The ARC will be identified as the point of contact to receive public comments. The ARC will survey its members regarding any local public notice requirements and will meet them as appropriate.
