

# Exciting things planned along the Rouge River concrete channel!

Join us to learn more about the habitat restoration design

**When:** September 4, 2024  
6:00 p.m. - 8:00 p.m.

**Where:** Dearborn Baptist Church  
16350 Rotunda Dr., Dearborn

Building upon the restoration work that has been ongoing for 20+ years in the area, this current initiative will continue the effort to restore the river ecosystem and environment, without diminishing the effectiveness or function of the original Federal Flood Control Project (concrete channel).

Want to know more about the project, attend future public meetings or have questions or comments?
